INTERNAL QUALITY ASSURANCE CELL (IQAC)

Introduction:

In pursuance of its action plan for performance evaluations, assessment and accreditations and quality upgradation of institutions of higher education, the National Assessment and Accreditation Council, Bangalore proposes that every accredited institution should establish IQAC as a quality sustenance measure. Since quality enhancement is a continuous process, the IQAC will become a part of the institutions system and works towards realization of the goals of quality enhancement and sustenance.

The prime task of the IQAC is to develop a system for conscious and catalytic improvement in the overall performance of the institution. For this, during the post accreditation period, institutions need to channelize its efforts and measures towards promoting the holistic academic excellence including the peer committee recommendations. The guidelines provided in the following pages will grade and facilitate the institution in the creation and operation of the IQAC.

The work of the IQAC is the first step towards internalization of quality enhancement initiatives. Its success depends upon the sense of belongingness and participation in all the constituents of the institution. It will not be yet another hierarchical structure or a record-keeping exercise in the institutions, it will be a facilitative and particular voluntary system of the institution. It has the potential to become a vehicle for ushering in quality enhancement by working out planned strategies by IQAC to remove deficiencies and enhance quality like the "Quality Circles" in industries.

IQAC - Vison

To ensure quality culture as the prime concern for the Higher Education institutions through institutionalizing and internalizing all the initiatives taken with internal and external support.

Objective

The primary aims of IQAC:

- To develop a system for conscious, consistent and catalytic action to improve the academic and administrative performance of the institution.
- To promote measures for institutional functioning towards quality enhancement through internalization of quality culture and institutionalization of best practices.
